No matter what you say about love, about love
I keep coming back for more, for more
Keep my hand in the fire, sooner or later
I'll get what I'm asking for

No matter what you say about life, about life
I learn every time I bleed, I bleed
That truth is a stranger, soul is in danger
I gotta let my spirit be free

To admit that I'm wrong
And then change my mind, change my mind
Sorry, but I have to move on
And leave you behind

I can't waste time so give it a moment
I realize nothing's broken
No need to worry about everything I've done
Live every second like it was my last one

Don't look back at a new direction
I loved you once, needed protection
You're still a part of everything I do
You're on my heart just like a tattoo

Just like a tattoo, I'll always have you
I'll always have you

I'm sick of playing all of these games, these games
It's not about taking sides, taking sides
When I looked in the mirror, it didn't deliver
It hurt enough to think that I could stop

Admit that I'm wrong
And then change my mind, change my mind
Sorry, but I gotta be strong
And leave you behind

I can't waste time so give it a moment
I realize nothing's broken
No need to worry about everything I've done
Live every second like it was my last one

Don't look back at a new direction
I loved you once, needed protection
You're still a part of everything I do
You're on my heart just like a tattoo

Just like a tattoo, I'll always have you
I'll always have you

If I live every moment
Won't change any moment
Still a part of me and you

I will never regret you
Still the memory of you
Marks everything I do

I can't waste time so give it a moment
I realize nothing's broken
No need to worry about everything I've done
Live every second like it was my last one

Don't look back at a new direction
I loved you once, needed protection
You're still a part of everything I do
You're on my heart just like a tattoo

Can't waste time so give it a moment
I realize nothing's broken
No need to worry about everything I've done
Live every second like it was my last one

Don't look back at a new direction
I loved you once, needed protection
You're still a part of everything I do
You're on my heart just like a tattoo

Just like a tattoo
I'll always have you
