In sickness and health, poverty and wealth  
One thing is true, everybody needs the loo  
In sickness and health, poverty and wealth  
Why don't you do the loo, do the loo, do the loo?  
One little room solitary sit-in  
A place to water and to shit in

In sickness and health, poverty and wealth

One thing is true, everybody needs the loo  
In sickness and health, poverty and wealth  
Why don't you do the loo, do the loo, do the loo?  
One little room solitary sit-in  
A place to water and to shit in
