Stop where you are
I didn't really mean to hurt you
If something I've said has torn you away from me
We sit on the stairs
Hoping that the tears don't come
To draw you away
And leave me alone again

I'm out of my head
Don't understand it
Out of my heart
Low down and stranded
Taking the chance
You might hold on
And follow me blind
I'm out of my mind

And when you rise
Hoping that you don't remember
The things that I said
The way that you're feeling now
We sit on the bed (I see you crying)
Can't keep the tears from falling (falling down)
I wipe them away
To know that they'll fall again

How come it's me who's always saying the wrong thing
Sometimes it feels just like you're playing my
heartstrings
Some would say I'm afraid just to be back on my own
again

Stop where you are
I didn't really mean to hurt you
If something I've said has torn you away from me

I'm out of my head
Don't understand it
Out of my heart
Low down and stranded
Taking the chance
You might hold on

And follow me blind
I'm falling behind
I'm out of my mind
