Verse 1:

With outstretched hands
And with a sincere heart
I come to You with thanks
And worship for who You are

B-Section:

It's of Your mercies we are not consumed
(It's Your unmerited favor)
And Your compassions fail us not
(For they are new every morning) Great is Thy
faithfulness

Chorus:

Lord please hear these lips of worship
As we offer praise
Holy Holy Holy oh God of glory

Verse 2:

With words never spoken
And melodies of songs never heard
With showers of anointing
And blessing we don't deserve

Vamp:

It belongs to You
I owe to You my everything
My gratitude
And thanks to You for saving me
