### VERSE 1

There is no original topic of conversation  
No matter who we are we are not exempt from  
contemplation  
I tried to fit into your shoes and tell me what's the use  
in  
Trying to understand each and every bruise

And

I hear her playing her favourite song all day long  
All you need is love choruses on and on  
Can't quite remember if it was mid or late september  
But it felt a lot colder than it did last year

### CHORUS

By the time that I make it home (X3)  
Will You Be Gone

### VERSE 2:

Honestly it hasn't gotten any easier than it used to be  
Being so far away the thoughts have sort of captured  
me  
And lately I find myself beginning to sit with the  
Idea that I have no control over it

### CHORUS (X2)

### BRIDGE:

How does it feel to be so far away from me  
Why must I always choose to be so far away from you  
How does it feel to be so far away from me  
Why must I always choose to stay so far away from you

From you

### CHORUS(X2)

You say it loud but I can't hear you anymore (x3)  
You say it loud
