A total eclipse has just begun,
We blacked out the sun.
Can't believe this is what we've come to.
So you think that your a star,
But the real star has some scars
On his hands and feet where the nails went through.

God is headlining this show,
To introduce Him's what I'm here for
So without further delay...

It's time to take to the stage,
Then I move out the way
So that they only see
You that's inside of me.
Don't let me block the view
That's not what I wanna' do.
I've gotta to be see through
Make sure they see You.
MAKE ME INVISIBLE.

The crowd applauds and now your on,
They start to play your song
But did He even come along?
Or did He get left behind,
The day that you decided that

You would outshine His light.

But he's headlining this show,
To introduce Him's what I'm here for.
So without further delay...

It's time to take to the stage,
Then I move the way
So that they only see
You that's inside of me.
Don't let me block the view
That's not what I wanna' do.
I've gotta to be see through
Make sure they see you.
MAKE ME INVISIBLE.

MAKE ME INVISIBLE

It's time to take to the stage,
Then I move out the way
So they only see the
You that's inside of me.
Don't let me block the view
That's not what I wanna' do.
I've gotta to be see through
Make sure they see you.
MAKE ME INVISIBLE.
MAKE ME INVISIBLE.
MAKE ME INVISIBLE.
MAKE ME INVISIBLE.
