All these lonely people seeing laughter  
All these lonely people seem to be crying  
Most of us just don't know what we're after  
Everybody's out there hoping to find

You can't follow right behind me cause I'm

Lost, yes I'm lost  
No I can't seem to find my way back home  
I never seem to find my way  
In all my life I've never felt so alone  
Every single time I find my way I'm lost

You've finally made your mind up for the first time  
And no one here can tell you otherwise  
You're telling everyone in the house just to shut up  
It's time for all you people to open your eyes

You can't follow right behind me cause I'm

Lost, yes I'm lost  
No I can't seem to find my way back home  
I never seem to find my way  
In all my life I've never felt so alone  
Every single time I find my way I'm lost

You know I can't find my way  
I can't find my way  
I can't find my way  
It's such a long way home  
I can't find my way  
My way back home

Most of us just don't know what we're after  
Everybody's out there hoping to find

You can't follow right behind me cause I'm

Lost, yes I'm lost  
No I can't seem to find my way back home  
I never seem to find my way

In all my life I've never felt so alone  
Every single time I find my way I'm lost

You know I can't find my way  
I can't find my way  
I can't find my way

I can't find my way
