Oh mister prophet

You wear heart on your sleeve

And thats a fact

Can't you see me

I'm the one who sat on the second row last night

Why can't you hear me

I might as well be talking to myself

You've got as much as you could ever need

If you just believe

When the peacemaker starts a war of words

It's amen and goodbye

Oh mister prophet

Angel voices came to me last night

They came and told me

You better wise up

fall down on bended knees and do right

Ask for forgiveness

It's the only way to save your soul

I'm only human

When I hear your voice my spirit starts to soar

But when the voices in your head only deceive and

you still believe

Its time to look in the mirror

Testify

Amen goodbye
