How can something pure and tender
In the many lives I lead your angel eyes are killing me
So clear and blue
So part of you
Pretend to me
What do they see
What lies behind
These angel eyes
You never know
Until you try
I'll never show
The pain inside
Will I survive
These angel eyes
Passing by still unaffected
Going nowhere I suspected
To angel eyes
Move in on me
So clear and blue
So part of you
Pretend to me

What do they see

What lies behind

These angel eyes

So clear and blue

So part of you

Pretend to me

What do they see

Will I survive

These angel eyes

You never know

Until you try

I'll never show

The pain inside

Will I survive

These angel eyes

In the land of milk and honey

Oh I know it may sound funny

But angel eyes

You're killing me

Angel eyes

You're killing me

Killing me

Angel eyes

You're killing me

Angel eyes

You're killing me

Killing me
