Half past midnight and nothing will go but I will sieze
that way

The way we were talking you left me broken I just had
to say

The words have all been said

I long to hold you waiting for a

Heart to beat

Together you can listen for my

Heart to beat

Whenever we touch

Heart to beat

Together you can listen for my

Heart to beat

I want you so much

Remember me saying that time was a healer so we
both feel fine

The more I fight it the more I miss you it's a slow
decline

The words have all been said

I long to hold you waiting for a

Heart to beat

Together you can listen for my

Heart to beat

Whenever we touch

Heart to beat

Together you can listen for my

Heart to beat

I want you so much

(Tears my only friend

Can't face going out again

Bet you just show me the way

And close your smile

Like you don't have to pay

You don't have to pay)

A phone call to stop the pain

I thought that you feel the same

Just hoping and waiting again for a

Heart to beat

Together

Heart to beat

Whenever we touch

Heart to beat

Together you can listen for my

Heart to beat

I want you so much

Heart to beat

Together you can listen for my

Heart to beat

Whenever we touch

Heart to beat

Together you can listen for my

Heartbeat

I want you so much

I want you so much

I want you so much
