"How Much Fun"

Visit "[How Much Fun](#)" on MotoLyrics.com

You make me feel like I don't need another
Come on baby let's pull back the covers
And do our best to help one another
Find out how much fun we can get into life

You got me scorched where I'd forgotten there was fire
You got me foxed and you know I ain't a liar
Come on baby, help me try and
Find out how much fun we can get into life

Sit back, relax, we've got all night
Feel the groove, nice and smooth
Let's get it right
I make the situate, maybe I
I know a good place to land, so come on let's fly

You make me feel like I don't need another
Come on baby let's pull back the covers
And do our best to help one another
Find out how much fun we can get into life

You got me higher than I've been since I started
Couldn't want you more if I tried any harder
We could fall in love but I gotta
Find out how much fun we could get into life We got
what's what
Let's make it work
Feel the beat in your seat
Don't make it jerk
Settle down, look around, there ain't no rush
There's a whole load of possibilities,
Just the two of us

You make me feel like I don't need another
Come on baby let's pull back the covers
And do our best to help one another
Find out how much fun we can get into life
