Oh yes I do

Every girl when she's young and free

Gets so hung up on a new boy she meets

It don't usually last too long

But baby, baby you're much too strong

That's why I say

I dig you baby

I really dig you baby

I really dig you baby

Oh yes I do

Now you're that very special kind of boy

The kind that fills an empty life with joy

You add a certain something to a day

That's why you make it so easy to say

I dig you baby

I dig you yes I do

I dig you baby

Oh yes I do

You are my inspiration

and I dig your sweet conversation

The way you dance is out of sight

Oh baby, baby you're dynamite

I dig you baby

I really dig you baby

I really love you baby

Oh yes I do

Oh I really need you baby

You know I love you baby
