Don't ever let me see that touching look in your eyes

Don't ever let me feel the deeper parts of your voice

There's nothing I can do to run away

Even if I had an army

Nothing holding back no strike at midnight

No cigarette had saved it

I fall in love too easily

I do

I fall in love too easily

It's the mood I'm in

Don't ever send me like a happy fool back to the circus

Don't ever let me take another look when I turn to leave

There's nothing I can do to run away

Even if I had an army

Nothing holding back no ball and chain

No heavenly angel

I fall in love too easily

I do

I fall in love too easily

It's the mood I'm in

Don't ever let me see that touching look in your eyes

Don't ever let me take another look when I turn to leave

There's nothing I can do to run away

Even if I had an army

Nothing holding back no ball and chain

No heavenly angel

I fall in love too easily

I do

I fall in love too easily

It's the mood I'm in
