I will build you a castle with a tower so high

It reaches the moon

I'll gather melodies from birdies that fly

And compose you a tune

I'll give you lovin' warm as Mama's oven and

If that won't do, then I'll try something new

I will take you away with me as far as I can

To Venus or Mars

There we will love with your hand in my hand

You'll be king of the stars

And every day we can play on the Milky Way and

If that won't do, then I'll try something new

I will bring you flowers from the floor of the sea

A crown for your hair

I'll do anything and everything to keep you happy

Boy, to show you that I care

I'll pretend I'm jealous of all the other girls and

If that won't do, then I'll try something new

I'll try something new...
