I doubt it

What you say

I doubt it

Knowing you like I do

You try too hard

What you do

You're going too far

Knowing you like I do

There's a knowledge carried from the cradle

Aims to trap the story's told

No need to look into the future

To see the pattern of your life unfold

Sad but it's true

So much I can't believe from you

But so long now we've been at war

We have a future that can never be sure

I doubt it

What you say

I doubt it

Knowing you like I do

You try too hard

What you do

You're going too far

Knowing you like I do

Full of truth assorted information

No point in trying to win me over

Knowing everything

You're the master of pretend

I was here for the first performance

Don't want to see it again

Never again

I doubt it

What you say

I doubt it

Knowing you like I do

You try too hard

What you do

You're going too far

Knowing you like I do

I doubt it

What you say

I doubt it

Knowing you like I do

You try too hard

What you do

You're going too far

Knowing you like I do
