I got love in my heart

I got you on my mind

I got nothing more to prove

Just yesterday I felt I was running out of time

Now I feel hope that's tender and true

Gonna see me through

Your love gonna see me through

I got pain in my memories

I got someone on my mind

It's a magical feeling

I don't know how to define

It's a time in a million

That you get once in a while

And you're living for a reason

And the love is in your smile

Your love gonna see me through

Your love no matter what you'd do

I don't if I'll ever talk to you again

Don't know why you mean so much

But if I never ever come to you again

I feel you're lifting me up I feel you're lifting me up

No matter what you do  
Do you know what I'm thinking  
Do you know what's on my mind  
And in your imagination  
Do you know what we can find  
Don't turn around or ask me what I expect of you  
Just turn around and tell me the truth  
You're gonna see me through  
Your love gonna see me through  
Your love no matter what you do  
I say your love is gonna see me through  
Say your love no matter what you do  
You're gonna see me through
