Many times must I prove to you

My love runs deeper than I know

Half a chance is all I need to show

In the past I've grown to hold you

Closer to my heart

Tell me we take my hand for love

I know I want to stay with you forever

Stay close to you

Tell me do you want us to be together

All I want to do is stay close to you

When you left you broke my heart

Though I try hard to pretend

I was fooled by my feelings then

The change in me was there to see

I put it down to loving you

Now I know what I've got to do

I know I want to stay with you forever

Stay close to you

Tell me do you want us to be together

All I want to do is stay close to you

I know I want to stay with you forever

Stay close to you

Tell me do you want us to be together

All I want to do is stay close to you
