This is it

This is it

This is it

This is what I've waited for so long

Starting now

Got to trust this feeling that's coming on

Take a chance

Even though I need a helping hand

Don't you know

That it's time you took a lover's stance

Stay with it

Let my heart it needs it

I got a feeling

I'm getting somewhere

Stay with it

And I really do care

Wait a minute now

Oh baby don't walk out

I can see yeah

I can see your disbelieving eyes

Don't you know

Holding back your love is so unwise

Take a chance

Something tells me now my time has come

Make a stand

Even though I feel like I should run

Stay with it

Let my heart it needs it

I got a feeling

I'm heading somewhere

Stay with it

And I really do care

So wait a minute now

Oh baby don't walk out

This is it

(Stay with it)

Let my heart it needs it

I got a feeling

I'm heading somewhere

Stay with it

And I really do care

(Wait a minute now)

Stay with it

Let my heart it needs it

I got a feeling

I'm heading somewhere

Stay with it

And I really do care

So wait a minute now

Oh baby don't walk out

This is it

(Stay with it)

Let my heart it needs it

I got a feeling

I'm heading somewhere

Stay with it

And I really do care
