Take a look at me

Take a look at this time

It has got to be

This time he'll be good to me

No crime just to let him know

This girl is in love with him so

One chance and I'm going to say

Take a look at me

Take a look at me

Take a look at last time

I just sat and stared

Last time I was kinda scared

My line wasn't good enough

This guy was inclined to be tough

Next time when he looks I'll say

Take a look at me

Take a look at me

Oh there is a time when shyness ceases to be good

Now I'm through cryin' I'll be understood

Take a look at me

Take a look at me

Take a look at this time
It's the only way
Must be or he'll run away
My guy didn't even know
Just why baby wanted him so
Till my lover heard me say
Take a look at me
Take a look at me
Take a look at me
Take a look at me
Take a look at me
