[Verse 1]

I'm looking for salvation
A place where I can find peace, I don't know so I turn to
you
So many complications
Everyday it's something, I'm so confused

[Hook]

Escape from my mind
Escape from my life
Escape anywhere
Escape far away from here

[Verse 2]

I'm losing all my patience
It's so hard to resist it; you don't know what I'm going
through
No more hesitation
Some things are so intoxicating; I know what I have to do

[B-Section]

Half the time I can't live my own life
Truth be told I am fading away
I cannot go on where I fit in
So much strife, what am I going to do

[Hook]

Escape from my mind

Escape from my life
Escape anywhere
Escape far away from here

[Bridge]

Much as I need seclusion from here
There some thing inside me holding me down
Need to find a place where no one else is
Far away from everything that I know

[Hook: 2x]

Escape from my mind
Escape from my life

Escape anywhere
Escape far away from here

From my mind
Oh aahh
Anywhere, yeah yeah
Far away from here
