Wow
What a shock to see
You over here talkin' to me
I don't know what ya think
But ya not embarrassin' me
Ever since he quit you
You act like you got something to prove
But I'm calm and I'm cool
I think you know what you better do

Keep it movin'
Just say hi
Keep it movin'
Or goodbye
Keep it movin'
You aint even gotta be fake
Keep it movin'
I'm to clean
Keep it movin'
For a scene
Keep it movin'
And he aint feelin' you anyway
Keep it movin'
Cause we're in love
Keep it movin'
And my baby aint goin' no place
Keep it movin'
And I'm cool
Keep it movin'
Long as you
Keep it movin'
Don't be all up in my face

Do you think I don't see
You whisperin' and lookin' at me
On the side
Tryna shine
But I'm the only one that he sees
Suddenly without a doubt
He wasn't feeling what you're about
So it's clear
Why I'm here

If you don't know then figure it out

Keep it movin' (And keep it movin')
Just say hi
Keep it movin'
Or goodbye (Oh)
Keep it movin'
You aint even gotta be fake (Fake, no, no)
Keep it movin'
I'm to clean
Keep it movin'
For a scene
Keep it movin'
And he aint feelin' you anyway
Keep it movin' (Keep it movin')
Cause we're in love (Oh no)
Keep it movin'
And my baby aint goin' no place (No, no)
Keep it movin'
And I'm cool
Keep it movin'
Long as you
Keep it movin'
Don't be all up in my face

Keep it movin' (Keep it movin')
Just say hi
Keep it movin'
Or goodbye
Keep it movin'
You aint even gotta be fake (Fake, no, no)
Keep it movin'
I'm to clean
Keep it movin'
For a scene (Oh no)
Keep it movin'
And he aint feelin' you anyway
Keep it movin' (Keep it movin')
Cause we're in love
Keep it movin'
And my baby aint goin' no place
Keep it movin'
And I'm cool
Keep it movin'
Long as you (Long as you)
Keep it movin'
Don't be all up in my face

It would be better for everybody
IF we just pretend that we never met

The sooner you keep movin'
The sooner we can forget
Just say hi or goodbye
You aint gotta be fake with me no more
Why you was droolin' and starin' at me
Aint nobody hearin' you but your crew
Cause he aint even payin' attention to you
Just say hi or goodbye (Hi)
You aint gotta be fake with me no more, no more

Just say hi
Keep it movin'
Or goodbye (Goodbye)
Keep it movin'
You aint even gotta be fake
Keep it movin'
I'm to clean (I'm to clean)
Keep it movin'
For a scene (For a scene)
Keep it movin'
And he aint feelin' you anyway
Keep it movin'
Cause we're in love (We're in love)
Keep it movin'
And my baby aint goin' no place
Keep it movin'
And I'm cool
Keep it movin'
Long as you (Long as you)
Keep it movin'
Don't be all up in my face (Don't be all up in my face)

Keep it movin'
Just say hi (Hi)
Keep it movin'
Or goodbye (Goodbye)
Keep it movin'
You aint even gotta be fake
Keep it movin'
I'm to clean
Keep it movin'
For a scene
Keep it movin'
And he aint feelin' you anyway
Keep it movin'
Cause we're in love (Cause we're in love)
Keep it movin'
And my baby aint goin' no place
Keep it movin'
And I'm cool (And I'm cool)
Keep it movin'

Long as you (Long as you)
Keep it movin'
Don't be all up in my face

Keep it movin'
Keep it movin'
Keep it movin'

Keep it movin'
Keep it movin'
Keep it movin'

Keep it movin'
Keep it movin'
Keep it movin'

Keep it movin'
Keep it movin'
Keep it movin'

Keep it movin'
It would be better for everybody
Keep it movin'

You aint gotta be fake with me no more, no more
