Do you remember me Lord?  
You're gonna find out I am a bug  
Crawling up and down your spine  
We're gonna fuck it up together  
And make it mine  
Do you remember me Lord?  
Mother, help me find myself alone  
Do you wish to help me find a home  
Metamorphosis  
Do you remember me?  
'Cause I'm a freaky baby  
Well can't you see?  
Crawling up and down your spine  
We're gonna fuck it up together  
And make it mine  
Do you remember me?  
Mother, help me find myself alone  
Father, sister, help me find a home
