~\*Beginning\*~

Ooo? mmm

~\*Verse 2\*~

Somebody told me  
That life  
Wouldn't be fair?no  
But I came to realize  
You've got to make the best of it?mmm  
But it?s got me feeling low  
I?m lost?  
With nowhere to turn. no?  
But I guess I just have to trust  
That through the sour life

~\*Bridge\*~

I?m holding on?  
But nothings left  
Just emptiness inside myself

~\*Chorus\*~

Sometimes it hurts  
Sometimes I cry  
Sometimes this pain  
Won?t leave mine aside  
And I know its not forever  
And I know that I won?t die  
But the hardest thing to do is face my life?

~\*Verse 2\*~

I wish I could feel the sun  
Through clouds that hang in my sky  
And I know there?s a better place  
Cause I?ve been praying for a sign?ohh  
(Down to faith & patients)  
I know it comes down to faith and patience?s  
(I Search for mine) ooo?ooo  
I?ve been searching for mine  
I?m tired of struggling  
I just wanna get up and fly

~\*Bridge\*~

I'm holding on?  
But nothings left  
Just emptiness inside? myself?

~\*Chorus\*~

Sometimes it hurts  
Sometimes I cry  
Sometimes this pain  
Won't leave mine aside  
And I know its not forever  
And I know that I won't die  
But the hardest thing to do is face my life

~\*End\*~

I wanna feel love  
I wanna feel free  
I wanna believe  
That I don't have to feel this pain inside  
No more?no more?
