You were the one
Who I could tell my deepest fears

And you were the one
Who always wiped away my tears

When he hurt me you were my prince

Sent straight from above

Like a fool I never saw
You were falling in love

So now I've lost everything

Cause now you say
You're gone forever more

So who will I
Who will I run to
Who will I turn to

Now that you left me behind

Who will dry my tears
When I cry

Who will I run to
And who will I turn to

Now that you're not here
In my life
You were the one
I took for granted all those years

And you were the one
I should've known
It was so clear

How could I be so blind
Not to see what's before my eyes

I'll get you back here with me
If it takes the rest of my life

Cause I would do anything
Cause I want you back forever more
Who will I run to
Who will I turn to

Now that you left me behind

Who will dry my tears
When I cry

Who will I run to
And who will I turn to

Now that you're not here
In my life
I will gladly journey
Across the deep blue sea

If I could know
That I would have you here with me

I realize that I was blind
But now I finally see

I need you back here in my life
Oh baby can it be
Who will I run to
Who will I turn to

Now that you left me behind

Who will dry my tears
When I cry

Who will I run to
Who will I turn to

Now that you're not here
In my life
Who will be there for me

Who's gonna rescue me

Who's gonna share my dreams
Who's gonna mend this broken heart
