As you're leader, I encourage you from time to time,
but always in a respectful manner, to question my
logic.
If you are unconvinced a particular plan of action I've
decided
is the wisest, tell me so.
But allow me to convince you. And I promise you right
here and now,
no subject will ever be taboo... Except of course the
subject
that was just under discussion.
The price you pay for bringing up either my Chinese or
American
heritage as a negative is,
I collect your fucking head.
Just like this fucker here.
Now if any of you sons-a-bitches got anything else to
say
Now's the fucking time...
Didn't think so.
