don't wait too long
well his chance was lost
he stood his feet
outside where we are
right now, i can't wait too long
so what, she's shy and she's gonna die

slow reaction
slow reaction
too slow to react but you'll never forget her
oh, but now it's over
oh, but now it's over

right now, i can't wait too long
so what, she's shy and gonna die

i'll wait outside the show
after the set is over
i'll wait outside the show

after the set is over
after the set is over
i know you're so fucked up on it
oh, oh, doot doot doo doot doot doot doo
i wait on chloroform
sometimes we're so F-ed up on it

slow reaction
slow reaction
too slow to react but he'll never forget her
but not it's over
and now it's over
