We collided head-on
And they said that we would not live very long
I knew you were my love
But they laughed
'Cos we were just too young to know

But from now on
I'm waiting for you
From now on
I'm waiting for you

You you tore me apart
Broke all of my bones
And shot through my heart

I always used to pretend
That the hero really gets the girl in the end

But from now on
I'm waiting for you
From now on
I'm waiting for you

But tonight, I'm crazy like a teenage dream!
Alive, but buried now or so it seems!
Surprise!
(Don't cover your eyes)
