are you a future number one?  
aren't we all video pixel kids?  
hanging on just for that killer hit  
the spark in our eyes is digitized

are you a future number one? yeah  
i'll top the charts and then be adored  
are you a future number one?

aren't we all ladies and gentlemen?  
aren't we all doing the best we can  
to get pixilized?

are you a future number one? yeah  
i'll top the charts and then be adored  
are you a future number one? yeah

they need you pinned and dried  
i'll be their butterfly

are you a future number one? yeah  
i'll top the charts and then be adored  
are you a future number one? yeah  
i'll top the charts and then be adored

are you a future number one? yeah  
are you a future number one?
