This is our last night here,
the air is cold as ice.
All the trees that lost their leaves
are reflected in our eyes.
This is our last night here,
or so it seems.
Silence like the darkest waters in the submarines.

This is our last night here,
on planet Earth.
And I don't want my heart,
cause it always hurts.
If this is our last night here,
I won't kick and scream,
I'll just grab on to you and not dare to breathe.

If it's our last night here for long,
I'm gonna put this record on,
I'm gonna burn this city down,
and we'll watch the glow until it's gone.
But before i go insane
There's something else to say.
You thought you were alone,

but I was with you all the way.
With you all the way, with you all the way.....

If this is our last night here,
On planet Earth.
Then I'll give you my heart,
cause it hurts too much.
If this is our last night here,
I won't change a thing.
I'll just grab on to you,
and I'll feel you breathe.
If this is our last night here.

If this is our last night here.

If this is our last night here.

I'll grab on to you just to feel you breathe.

Breathe.

Breathe.

Breathe.

Breathe.

Breathe.

Breathe.

Breathe.

Breathe.
