"Life In The Arctic"

Your presence of mind becomes a Presence in mind
and body for good,
so you are less affected by the negative pressures and
principalities.
Don't resent what comes to light.
Bear the pain of failings.
Don't blame anyone.
Be aware of your past.
As it comes to light don't force don't dig it up.
Be aware of your part of the past or present trouble or
involvements.
Noting the compulsiveness of your own behavior and
attitudes,
you might then have some compassion upon those who
mistreated you in the past.
Can't help yourself, realize that you condemn
ourselves.
