Navy Pier at Christmas
You can go at 3am there will be noone
The ferris wheel still turns
As though it's a popular attraction still
And when this songs slowly play
Throught the old broken PA
A new heart for Christmas
Ahh new heart for Christmas
She Needs a new heart for Christmas
"Cause you broke it all Apart
Put it back together Again"
Strange holiday maniquins still move
As though someone was watching besides me
There joints are rusty,
They chirp like inside
There's something alive
Oh no- somehow it strikes me
I need a new heart for Christmas {yea}
Cause you broke it all apart
Put it back together again
You hit me oh so hard
Put me back together again
A new heart for Christmas
