I saw the clouds  
Forming tornadoes in the sky  
The winter winds blew  
On lake Michigan that night  
I carved your name into my arm  
So I would remember you

Sometimes it hurts so bad  
I don't know what to say  
Enacting Sybil Bane  
In some tragic play

So afraid that I can't ever explain

So now I scream  
And hope it's a dream  
It's hard just to breathe  
When we said goodbye, oh

I want to sleep  
But there are nightmares when I try

The birds are circling  
I know the reasons why  
Maybe a sad song some time  
Will make you remember me

Somehow I feel that it's my destiny to fall  
Get dried and hung up on a gallery wall  
Holding on by just a thread to my heart

So I scream  
And hope that it's a dream  
It's hard just to breathe  
When we said goodbye

Oh, scream  
It's not what it seems  
I still can't believe  
That we said goodbye, oh

From now on when I think of you

I scream
