Strobe lights lie a storm in the summer sky
in your eyes
cannons open fire
go blind
like world war nine
welcome to the show
tonight we cut like a samurai
you and i
like bonnie and clyde
strobe lights chase the sunrise
ready, set, explode

dance
wake up the sleepers
im staring at you now
im watching you
dance
all you pale motherfuckers
i love how you move tonight
in the strobe lights

strobe lights found us just in time
first born but the last in the family line

your burn like a roman candle
a symphony's composed
tonight we cut liek a samurai
so alive, so alive, so alive, so alive

dance
wake up the sleepers
im staring at you now
im watching you
dance
all you pale motherfuckers
i love how you move tonight
in the strobe lights

dance, dance
wake up the sleepers
wake up the sleepers
the strobe lights

the strobe lights
the strobe lights
