"Drive" you said
"Just blow me away"
We don't wait to be saved
We'll dream wide awake
Words that you said
Were holes through my brain
And I'll never be the same again...

You can pray all you want
We're not coming back, oh...
All these thoughts, they just fade away...

The chase is on
If you run
I will follow you
And I belong in your arms
Dying next to you
The chase is on...

"Drive" you said
With tears down your face
I've got to restart
Is that so hard?
Secrets that day
I'll take to the grave

Yeah, no one can catch us now...

You can pray all you want
We're not coming back, oh...
We're the feelings above the flame...

The chase is on
If you run
I will follow you
And I belong in your arms
Dying next to you
The chase is on...

The chase is on
If you run
I will follow you

And I belong in your arms
Dying next to you
The chase is on
If you run
I will follow you...
The chase is on
I belong in your arms...
