yeah it's 4 am in a speeding car  
OD'd on ecstasy but what are you on?  
turn up the radio  
turn up the radio  
welcome to Chicago, motherfucker  
at the top of the sears tower  
i tongue kissed a coke-fiend at the after-hours  
turn up the radio  
let's get out of control  
i wanna blow shit up

never come down  
never come down  
never come down oh no

just tell me are you being careful  
welcome to Chicago, motherfucker  
i ran after you 'cause later i might be dead  
this Jello shot i think went straight to my head

this isn't Moscow  
this isn't Tokyo  
we are invincible

so get up  
panic!  
panic!

do not approve of your methods  
yeah? well your not from Chicago

never come down  
never come down  
no, never come down  
never come down  
no, never come down
