Visions of that day, playing frame by frame  
Right before my eyes, here's how two worlds collide

The missing link in a chained event  
The signs I missed and now I'm finished  
Emotions mass mudslide  
Shattered all hope has died

Before my eyes two worlds collide

Something went tragically wrong  
Oh my God, I cannot feel  
Something went tragically wrong  
A million to one

A split moment a fraction of time  
One in a million that fate conspired  
Right there before my eyes  
Here's how two worlds collide
