Heroin,  
Flowing through, the veins of our heavenly God  
It deadens the pain of his fallen creation, narcotic  
oblivion

Anaesthetised and tranquilised -  
Deny the sight of mankind's planet paralysed  
A human race with purest hate as their faith -  
A world that went terribly wrong

Ignorance is bliss now that he is sedated  
No longer weeping for the world he created

God's new creed, He no longer cares,  
He doesn't need - Swirling disease called humanity  
Infected Heaven and the whole house of God -  
Inject, Reject reality

Intravenous high, Suicidal alibi  
What if God overdoses and dies?  
What if God overdoses and dies?  
What if God dies?

God on drugs - No longer weeping for the world he  
created  
God on drugs - The unbelievable truth
