"Downtown Hanoi"

Four arc lights
Moving stealth
Two ride up north
Into the barrel fear
Desire to share, my valiant care

Downtown, downtown, Hanoi
Downtown, downtown, Hanoi

We are drowning in purple wine
Standing as one, as one we line
Gold and lights did stop their dance
The fever obscene, a wicked romance
I'm tasting sweat on my tongue

Downtown, downtown, Hanoi
Downtown, downtown, Hanoi

Fane of wicked green
Faith to the heart
Passion and death
Downtown's breath
Desire to share, my valiant care

Downtown, downtown, Hanoi, hey
Downtown, downtown, Hanoi
