Gracing the stage, but I'm turning the page.
That moment's gone, so I wrote you this song now.
It feels like the road is telling me where to go now.
There's nothing to fear, it's so special here.

So I'll go pack my bags, take the train
Leave with nothing but my own hopes and dreams,
That's everything to me.

So what would it be like if everything came true
Imagine when I see oh, imagine what I'd do
I'd gaze up at the stars and never move my eyes
Take me to a place high above the sky.
Imagine what I'd do if everything came true.
I'd never have to fly in a rainy day
Punch drunk love man, pass it my way

Go pack my bags, take the train
Leave with nothing but my own hopes and dreams,
That's me.
I know it's true, but I gotta do
What my heart's supposed to do
And what I was born to do.

So what would it be like if everything came true
Imagine when I see oh, imagine what I'd do
I'd gaze up at the stars and never move my eyes
Take me to a place high above the sky.
Imagine what I'd do if everything came true.
I'd never have to fly in a rainy day
Punch drunk love man, pass it my way

Go pack my bags, take the train
Leave with nothing but my own hopes and dreams,
That's me.
I know it's true, but I gotta do
What my heart's supposed to do
And what I was born to do.

Grab my hand now and feel my insides,
This is where I should be
All that dreamin' and mixed with reason,

Is extraordinary

Go pack my bags, take the train
Leave with nothing but my own hopes and dreams,
That's me.
I know it's true, but I gotta do
What my heart's supposed to do
And what I was born to do.

Grab my hand now and feel my insides,
This is where I should be
All that dreamin' and mixed with reason,
Is extraordinary

Grab my hand now and feel my insides,
This is where I should be
All that dreamin' and mixed with reason,
Is extraordinary

Go pack my bags, take the train
Leave with nothing but my own hopes and dreams,
That's me.
I know it's true, but I gotta do
What my heart's supposed to do
And what I was born to do.

So what would it be like if everything came true
Imagine when I see oh, imagine what I'd do
I'd gaze up at the stars and never move my eyes
Take me to a place high above the sky.
Imagine what I'd do if everything came true.
I'd never have to fly in a rainy day
Punch drunk love man, pass it my way

And I just need, need this moment
To watch the sky, and breathe the air
And I can see, see the ocean and your eyes Standing
there
And a prayer
