It seems like we should know
That this is wrong
And it seems like we should know
That everything that we once had is gone

This is your mayflower
Comin over spring shower
I'm gonna play til I bleed
And I can't
Dance with you tonight
I'm gonna make it right
It's silk done right
A black candy high
I'm gonna make you fly
Tonight

I found you in the ocean blue
Fake sky rosy colored bones poke through
And I can never ride alone without
For you
For you

Do it man best you can
Drivers in the hippie van
Diamonds in my other hand
I can't believe it's happening'
Who's my other sky
Meet me 'cause I'm flyin' high
Jordan's silky dress up tie
I can't believe it's happening'
The stars are align makes you want to dine
Back up 'cause I'm fine and
I can't believe it's happening'
Golden color plates, porcelain legs and fancy dates
Love me 'cause I know it's fate
I can't believe it's happening'

I drink on glasses so I bleed
I just wanted you to know
Yeast sinks with gases so try to knead,
Me to you

A picture perfect chocolate river
And white canoe
In our graves we're wrapped with leather
And I'm kissing you

I found you in the ocean blue
Fake sky rosy colored bones poke through
And I can never ride alone without
For you
For you

Do it man best you can
Drivers in the hippie van
Diamonds in my other hand
I can't believe it's happening'
Who's my other sky
Meet me 'cause I'm flyin' high
Jordan's silky dress up tie
I can't believe it's happening'
The stars are align makes you want to dine
Back up 'cause I'm fine and
I can't believe it's happening'

Love me 'cause I know it's fate
I can't believe it's happening'
