"Fall From A Star"

Visit "[Fall From A Star](#)" on MotoLyrics.com

You're something special, something that I've never
seen
My eyes are cupid and they're cooking up a dream
I want to kiss you. Do I?
I want to seal the deal.
You're something that I want to touch and feel.

Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star.
I bet you're falling deeper in the dark.
Oh baby dream about it.
Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star.
I bet you're falling deeper in the dark.
Oh baby dream about it, stop.

You're something special, something that I've never
seen
My eyes are cupid and they're cooking up a dream
I want to kiss you. Do I?
I want to seal the deal.
You're something that I want to touch and feel.
And I heard what you said.
I got visions in my head.
You make me suffer, watch the breakdown
I love it when you're red
I can see your inner prize
You seduce me with your eyes
I can feel it why don't we say it,
Love is in the sky...

Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star
I bet you're falling deeper in the dark
Oh baby dream about it
Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star.
I bet you're falling deeper in the dark.

You pick labels I pick tronpop
Listen to the beat bump
They're screaming don't stop

Ladies shaking HEY
Fellas on the WAY
Any party I'll be bumping till the break of day

You pick labels I pick tronpop
Listen to the beat bump
They're screaming don't stop
Ladies shaking HEY
Fellas on the WAY
Any party I'll be bumping till the break of day

Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star
I bet you're falling deeper in the dark
Oh baby dream about it
Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star.
I bet you're falling deeper in the dark.

Look at how she moves man
Look at the way she grooves man that's hot
Man I think that's hot

Just look at the way she moves man
Look at how she grooves man that's hot
Man I think that's hot

Just look at the way she moves man
Look at just how she grooves man that's hot
Man I think that's hot

Just look at the way she moves man
Look at the way grooves man that's hot
Man I think that's hot

Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star
I bet you're falling deeper in the dark
Oh baby dream about it
Fall...don't you really wanna fall from a star?
You know that heaven's not that far from a star.
I've bet you're falling deeper in the dark.
Oh baby dream about it, stop.
