I'm in love (x9)

I'm in love (x9)

I wanna make you fall in love
The kisses and the hearts that I dream of
I wanna make your heart go crazy
Be something like a metronome and be my baby

I can't believe the way you rock
And how you drop your hips
And how you're screaming while you're kissing lips
You know you have me mesmerized
With the way you blink your eyes

(Chorus)

Looks like somebody has to scream
And now you're bringing me things (repeat)
(2x)

You are my beauty queen
You're my beauty queen
You are my beauty queen
You're my beauty queen

I'm in love (x9)

I'm in love (x9)

She just looks so special to me
And I met her when I was only three
And I knew when we would play on the swing set
She was my queen

Oh believe it's true
I will stay close to you
And when you're sad you can look at the picture I drew
for you
The one that I drew of you

(chorus)

I'm in love (x9)

I'm in love (x9)

Looks like somebody has to scream
And now you're bringing me things (repeat)
(2x)
