What type of romance is this?
I must have a kiss
To understand why it's meant to be like this
No one can tell me
what's going on, so
I'm just gonna sing it in a song

It's how I feel
I can't even describe it
It's so unreal
We're gonna have to try it
I just need to meet you
In person, okay
Is that okay?

I saw you on a Sunday
It looked like this was a Monday
It wasn't a typical fun day
Everyone had their own type
Of attitude and what to say

I'll take you places you've never been
I'll take you to the top and we'll spend
on the moon, make sure the mood is right
And I just might

What type of romance is this?
It's crazy, I just have to have a kiss
I said that once
And I just need it to come true
Please, baby boo

I love the sun and lochs
and where you go
I love the way you walk
And all our talks are the best
They're better than the rest
I just need to test it out

Without a doubt
This is something I've been without

For minds I have life
And it's crazy

It's how I feel
I can't even describe it
It's so unreal
We're gonna have to try it
I just need to meet you
In person, okay
Is that okay?

I saw you on a Sunday
It looked like this was a Monday
It wasn't a typical fun day
Everyone had their own type
Of attitude and what to say

Oh, no
It was all the same
And I'm to blame
Oh, no

Here we go again
No, no, no
Here we go again

Whatever

Break it down
