If you paint a perfect picture  
Of what you need your life to be  
Do you know who you are?  
You break your back to bring it back to break you  
But not this time  
They're all gonna find  
What I'm made of

I don't need you here to validate me  
I don't need you here to tell me anything

Fire away with a loaded gun  
Light the night I'm on fire, I'm on fire  
Even the rain won't put me out

Now I know just what to change in me  
To make you notice what your letting go  
This, was all part of my plan  
Every step I take is my own  
Sick of watching the sun rise  
I'm floating straight out to the sunset here I come

I don't need you here to show you're with me  
I don't need you here to show me anything

Fire away with a loaded gun  
Light the night I'm on fire, I'm on fire  
Even the rain won't put me out  
I'm a self-proclaimed child prodigy  
To feed your every desire on fire, on fire

I don't need you here  
I don't need you here  
I don't need you here  
To validate

Fire away with a loaded gun  
Light the night I'm on fire, I'm on fire  
Even the rain won't put me out  
I'm a self-proclaimed child prodigy  
To feed your every desire on fire, on fire  
I'm on fire I'm on fire I'm on fire I'm on fire

I'm on fire I'm on fire  
Ever the rain won't put,  
Even the rain can't put me out
