Shake, I wanna shake your brain
Shake, your Fear's in your veins

Fly, fly like a burning car
Shake, my name is Silver star
You, you're sugar of my fear
Right, my name is funeral

Shake, I see you cry for me
Cry, my name is Ecstasy
Night, I'm darling of your fear
Right, my name is beauty, dear

Rf:

Fuzz baby left
Fuzz baby right
Fuzz baby now, to the other side

Shake baby up
Shake baby down
Shake baby now, to the fuzzy night

Lyrics: Hank J. Manchini
