Judgment day or so they say  
Will you rise up now?  
Disenchanted eyes  
But what a good disguise  
You've dropped your crown  
Smile and bow  
Your knees won't help you now  
Oh those beggars eyes  
Hiding all those lies and lies  
Hiding all those lies  
You don't look surprised  
What could you do?  
What would you say?  
What do we live for when your days are numbered?  
Dial for saviour?  
What could you do?  
What would you say?  
What do we live for when your days are numbered?

Dial for saviour?  
He didn't stay  
You look dismayed  
But what did you expect  
Sinners burnt on coal  
I really should have known your goal  
What can you do but smile?  
What can you do but smile away  
What could you do?  
What could you say?  
What do we live for when your days are numbered?  
Dial for saviour?  
What could you do?  
What could you say?  
What do we live for when your days are numbered?  
Dial for saviour?  
Days are numbered!
