Break down

The word can only shock you

Somehow

I feel like I've won now

It's about time we're out of time

It's about time we're out of time

It's about time we're out of time

It's about time we're out of time

I'll exaggerate to illustrate

The origin of illness

I'll exaggerate to illustrate

The origin of illness

Of illness, of illness, of illness, of illness

If that's OK with you?

Turn around

The underdogs are laughing

Can't frown

The whole village are damned now

It's about time we're out of time

It's about time we're out of time

It's about time we're out of time

It's about time we're out of time

I'll exaggerate to illustrate

The origin of illness

I'll exaggerate to illustrate

The origin of illness

Of illness, of illness, of illness, of illness

If that's OK with you?
