I want to live in the city  
I'll escape all the small minds  
These are the ones who have hurt me  
So I'll climb and I'll climb now  
See my reflection  
You're all I have now  
See my reflections  
They're all and they're all I have  
When the sun dies  
Where will they all hide?  
I want to move from the country  
Live a sin and a lie then  
Nobody ever believes me  
You tried to call me a cynic  
But I'd say I'm realistic  
You are the ones who have hurt me  
I want to live in the city  
See my reflections  
They're all I have now

See my reflections  
They're all and they're all I...When the sun dies  
Where will they all hide?  
When the sun dies  
Where will they all hide?  
I'll be watching you  
When the sun dies  
Where will they all hide?  
You know I'm not that kind of person, you know I'm not  
that kind of man  
I'm just rooted to this one spot. You know I'm not that  
kind of man You know I'm not that kind of person, you  
know I'm not that kind of man  
I'm just rooted to this one spot. You know I'm not that  
kind of man  
They don't care
