Are you resting your body
To make yourself new?
Clean out your past.
How can love last?

Deep down you call your own.
Look in my eyes, the way is shown.

I'd shut off the world so we can grow.
By this time tomorrow I'll destroy our home.

Deep down you call your own.
Look in my eyes, the way is shown.
Hey, what do you say?
Let's kiss until sunrise.
Why can't we prosper
With people in our lives?
Watch as it crumbles.
Finally no one but us.
Our heads are just so far up...
Reaching outer space.

I know you can hear me.
Our minds connect.
I'll never give up wanting you back.

Deep down you call your own.
Look in my eyes, the way is shown.

Let it in. We will grow.
Worlds apart...We will go.
Let it in. We will grow.
Tomorrow we're unknown.

Hey, what do you say?
Let's kiss until sunrise.
Why can't we prosper
With people in our lives?
Watch as it crumbles.
Finally no one but us.
Our heads are just so far up...

Reaching outer...

Hey, what do you say?
Let's kiss until sunrise.
Why can't we prosper
With people in our lives?
Watch as it crumbles.
Finally no one but us.
Our heads are just so far up...
Reaching outer space.
Space.
Reaching outer...
