Those times I waited for you seem so long ago I
wanted you far too much to ever let you go You know
you never got by "I feel it too" And I guess I never could
stand to lose It's such a pity to say Goodbye to you
Goodbye to you Could I have loved someone like the
one I see in you I remember the good times baby now,
and the bad times too These last few weeks of holding
on The days are dull, the nights are long Guess it's
better to say Goodbye to you Goodbye to you Goodbye
to you Goodbye to you 'Cause it's all over now No need
to talk about it It's not the same My love for you's just
not the same And my heart, and my heart And my
heart can't stand the strain And my love, and my love
And my love won't stand the pain And my heart, and
my heart And my heart can't stand the strain And my
love, and my love And my love... Goodbye to you X8
